

# Strategic Water Partners Network SOUTH AFRICA

## Membership Application Form

The SWPN is a partnership between the public sector (primarily the Department of Water and Sanitation – DWS), the private sector and civil society working collectively to close a 17% gap between water supply and demand that is anticipated to manifest by the year 2030 in South Africa. The SWPN strives to contribute to efficient, equitable and sustainable water supply and access to water for all South Africans through the identification and application of innovative and cost-effective solutions and programmes. These projects and programmes are developed and administered in working groups under 4 key focus areas namely Agricultural Supply Chain, Effluent and Wastewater Management and Sanitation, Water Use Efficiency and Leakage Reduction and Water Stewardship. Skills Development is a cross cutting activity in all the working groups.
